

CLEANSTREAK

ENGINEERED SURFACE CLEANING

# ... IN 2013 WE STARTED AN ENGINEERING OBSESSION TO ELIMINATE THE PITFALLS OF PRESSURE WASHING

our 1 machine cleans up to

**100,000** square feet per day

while simultaneously **reclaiming dirty H<sub>2</sub>O** to treat for reuse

[WHY CLEANSTREAK? CLICK TO SEE FOR YOURSELF >](#)

The idea for Cleanstreak started many years ago when our Founder was home from college and his Dad asked him to pressure wash their driveway. The first half hour? Fine. The remaining eight and half hours? Not so much.

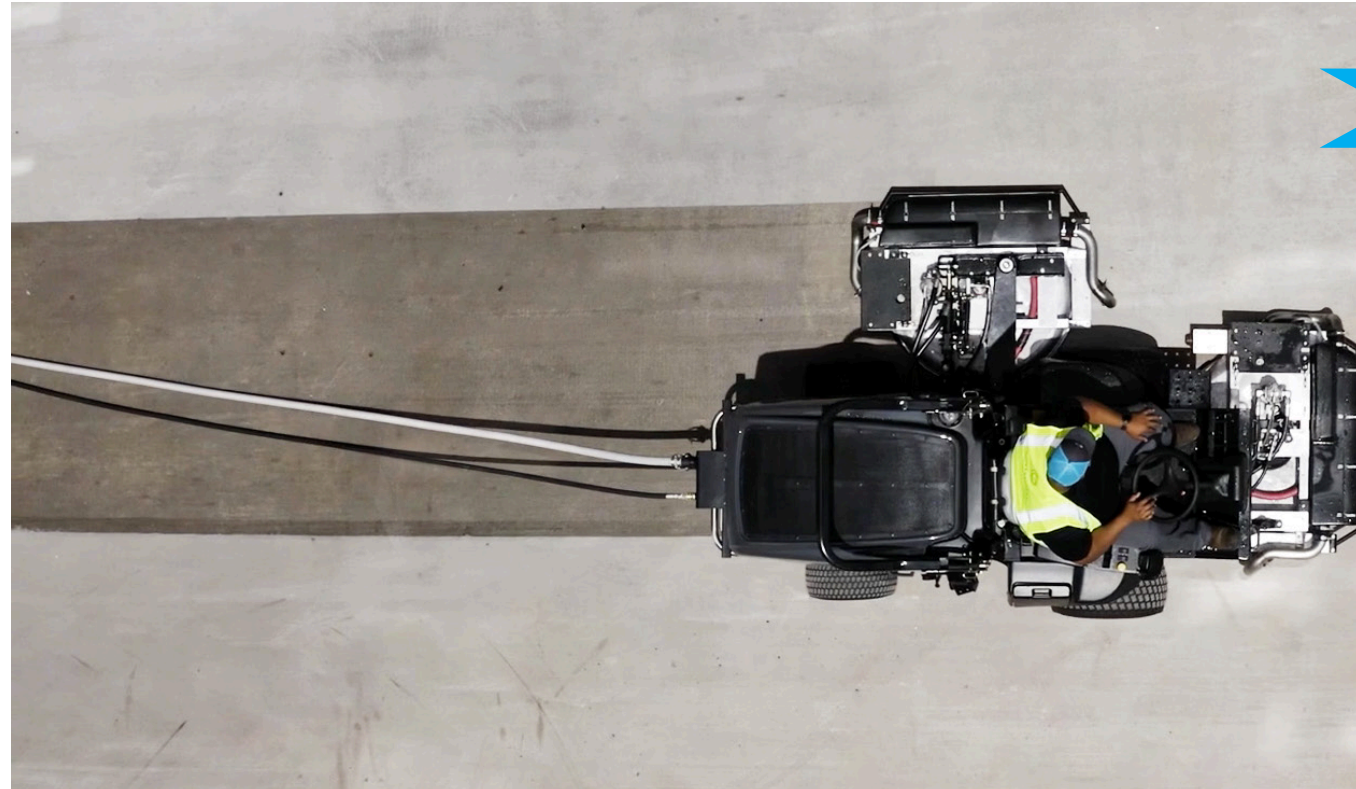

Since inception, Cleanstreak has been revolutionizing the Commercial Pressure Washing Industry. In 2019, we turned an 18-wheeler into a pressure washing and water treatment system that raised the bar. BIG TIME...

We offer Maintenance Cleaning, Construction Clean-Up, and Power Sweeping. We are Surface Cleaning, Perfected.

CLEAN 2x DEEPER

CLEAN 4x FASTER

CLEAN 100% ECO-FRIENDLY

- + **our proprietary, *patent-pending* surface cleaner**
  - + **instant water reclaim**
  - + **on-site water treatment**
- delivers the greatest value and mitigates costly risks.

## ◀ OUR CLOSEST COMPETITORS

### STORE-BOUGHT SURFACE CLEANING MACHINE

- Cleans 100,000 SF in 24 hours
- 390-gallon water tank for a 3-hour run time
- On-machine water treatment system that uses 2 coffee filters

## OUR CUSTOM, PATENT-PENDING ENGINEERED FLEET DELIVERS

- + **Faster Results** - cleans 100,000 SF in **8 hours**, reducing customer inconvenience
- + **Full-Day of Run Time and No Hidden Costs** - 2,700-gallon, recycling water tank = **no spike** in water bill
- + **Protection** - instant wastewater reclaim **reduces risk** of property damages and **eliminates fines**
- + **Eco-Friendly Service** - our tractor-trailer's treatment system makes the wastewater so clean that cities award us with a **Special Permit for Discharge**
- + **Superior Clean that Lasts Longer** - deeper, **more consistent** clean with 2x cleaning power

## Our equipment **CONTROLS ILLICIT DISCHARGES** with our 4-step process

### WASH

Our custom equipment powerfully and efficiently washes to deliver a superior clean... all without chemicals

### RECLAIM

We recover all dirty water, eliminating illegal runoff, dumping, and puddles... while reducing your downtime

### TREAT

We neutralize reclaimed water, removing all impurities, oils, and sediments and meeting environmental regulations

### REUSE

All treated water is reused to wash and deliver clean, eco-friendly results
